15 May 1950

SUBJECT: Covert Consultants

25X1A 1. There was discussion between the undersigned and Mr. [REDACTED] concerning contracts for individuals who are in the nature of covert consultants. 25X1A

25X1A 2. [REDACTED] indicated that in some cases his Certifying Officers required a certificate from the individual that he had not received compensation from other Government sources during the period he was claiming compensation under the CIA contract. However, it was felt desirable to place a similar statement in the contract in order to put all persons concerned on notice. The undersigned agreed that in future cases such a statement would be placed in the contract.
